

**AMENDMENT**

**In the Specification:**

Prior to the first sentence of the specification, please add:

*E*  
--This invention was made with government support under N00014-94-1-0312 awarded by the Department of the Navy, Office of Naval Research. The government has certain rights in the invention.--

---

**In the Claims:**

Please amend the claims as follows:

--39. An assay method comprising:

*EQ*

- a) providing a sensor array comprising:
  - i) a first subpopulation comprising first sensor elements; and
  - ii) a second subpopulation comprising second sensor elements;
- b) adding a sample comprising a first target analyte that binds to said first sensor elements;
- c) measuring
  - i) a first fluorescent signal of a first of said first sensor elements; and
  - ii) a second fluorescent signal of a second of said first sensor elements; and
- d) summing said first and second fluorescent signals.

40. A method according to claim 39 further comprising:

- b) adding a sample comprising a second target analyte that binds to said second sensor elements;
- c) measuring
  - i) a third fluorescent signal of a first of said second sensor elements; and
  - ii) a fourth fluorescent signal of a second of said second sensor elements; and

Serial No. 08/944,850  
Filed: October 6, 1997

d) summing said third and fourth fluorescent signals.

41. A method according to claim 39 wherein said first and second sensor elements comprise beads.

43. A method according to claim 39 wherein said first and second sensor elements comprise chemical functional groups.

44. A method according to claim 39 wherein said first and second sensor elements comprise oligonucleotides.

46. A method according to claim 39 wherein prior to said summing, the baseline of said first and second fluorescent signals are adjusted. - -.
